

Problem 2.70 Repeat Problem 2.68 using CD Module 2.9.

Solution: Figures P2.70(a) and (b) provide summaries of the two solutions:

$$d_1 = 0.1043\lambda,$$

$$\ell_1 = 0.1733\lambda,$$

$$d_2 = 0.3136\lambda,$$

$$\ell_2 = 0.3267\lambda.$$
